JA Workforce Coaching - Ongoing, Remote

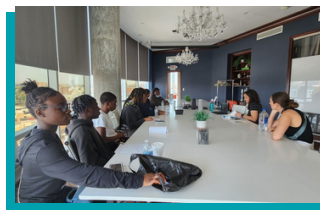

Contact: Sierra.HillAkers@ja.org

- **Individual remote opportunity, 12 weekly meetings**
- The power of coaching is a critical tool in developing the potential of young adults. This initiative, for youth between 16 and 21 who have a barrier to work/school, deploys age-appropriate workforce readiness resources that lead participants directly into a job or a career-focused educational or training program.

JA Finance Park Simulation - March-May

- **14 volunteers per day, multiple opportunities, multiple locations**
- Middle and High School students dive into a persona-based financial simulation. Volunteers guide students through their financial decision-making. Volunteers lead with JA materials as students explore personal finance, education, family, business, income scenarios, and how they all tie together to create the type of lifestyle a student sees for themselves.
