

JA Inspire: STEM gives young people immersive, hands-on exposure to STEM careers. Through interactive exploration, direct engagement with industry professionals, and insight into real-world career pathways, students build awareness, confidence, and a clear plan for life after high school.

Career-Connected Learning Experience:

- Open to grades 7–12 - up to 150 students per school.
- Multiple dates/timeslots to select from.
- An interactive, hands-on career expo featuring STEM activities and demos.
- High school students who complete prep lessons and attend the expo will earn externship credit towards Act 158 requirements (Pathway V).

Timeslots Available *(Choose one)*

Nov. 18th - 9:30am-11:15am OR 12:00pm-1:45pm
