

JA Rising Women

2024 Sponsorship Information

JA Rising Women is Junior Achievement of Southeastern PA's annual learning experience that empowers young women, encouraging them to explore career options and inspiring them to think big, through a transformative learning and coaching experience. Featuring in-class lessons, and followed by a culminating conference, JA Rising Women prepares participants for the next step towards their future.

In partnership with the School District of Philadelphia, this experience serves young women in 11th and 12th grades. Through sponsorships, our partners have the opportunity to invite women from all levels of their organization to participate as volunteers at the culminating event.
